

Laminated Maple and Walnut stock for Master Men racer. Client has broad shoulders and required significant cast be built into the stock to achieve best fit. Built for left handed Anschütz Fortner. Other special features include spare round holders, widened and beveled forend, and use of customer-provided specialty wood (Cocobolo) for pistol grip and forend. Lower harness attachment is also designed so harness cords pass through stock before securing.

Laminated Maple and Walnut stock for Junior Men racer. Client is 6'4" and required significant cast be built into the stock to achieve best fit. Built for left handed Anschutz Fortner.

Laminated Cherry and Walnut stock for a Masters Biathlete and 1980 Olympian. Special offset thumb ledge for standing shooting. Stock is built to accommodate Anschütz 1827B action.

Laminated Walnut stock for a youth Biathlete from New Zealand. Anschutz adjustment hardware and special interchangeable standing extension are incorporated in the design.

Solid Walnut with Rosewood tip and grip caps. This project included both a custom stock and a complete sporterization of a '98 Mauser in 8x57mm.
